

Ivoire Coton

Promoting cotton production in Côte d'Ivoire

Ivoire Coton is one of the main players in Côte d'Ivoire's cotton market. It aims to promote the development of smallholder farms to ensure cotton supplies to its factories, to transform the raw cotton in order to market semi-finished products internationally and thus contribute to improving the living standards of rural communities.

The company was established in 1998 by a consortium formed by the Aga Khan Group's affiliate in West Africa (IPS WA) and Paul Reinhart AG following the liberalization of Côte d'Ivoire's cotton sector.

Ivoire Coton has been an Oikocredit partner since 2016.
